My dear Balasundaram,

In continuation of my letter No.5454 of the 18th instant, in regard to the allotments of controlled foodstuffs to be sanctioned by the Foodstuffs Commissioner for the month of October, I request that the Government of India may be kindly moved through the Hon'ble Resident to sanction the allotment of 7,000 tons of Burma rice via Madras that has been asked for.

Without a special representation to the Government of India, the requisition for an allotment of 7,000 tons of Burma rice is not likely to be sanctioned.

Yours sincerely,

From

K. MATTHAN, Esq., B. A.,
Food Controller and Director of Civil Supplies in Mysore.

To

C. S. Balasundaram Iyer, Esq., B.A.,
Chief Secretary to the Government of Mysore.

Sir,

I have the honour to submit enclosed copy of resolution No. 8 passed at the meeting of the Central Food Supplies Committee held on the 15th instant about applying to the Food Stuffs Commissioner for an allotment of 7000 tons of Burma rice from Burma via Madras, 500 tons of wheat from the Punjab, 100 tons of Australian wheat from Bombay and 500 tons of Bengal gram from the Punjab.

Owing to the high price of Bengal rice in Bengal and the congestion of traffic on Railways, this rice is not now being imported into the State. The requirements of the Civil and Military Station Bangalore and the Kolar Gold-fields which are rather large have to be met out of the allotment of Burma rice to be obtained for the State. Hence the application for this large quantity of Burma rice for October 1919. The probable requirements of each District, the Civil and Military Station, the Kolar Gold Fields and the two cities of Bangalore and Mysore in respect of Burma rice are noted in the resolution.

I have the honour to be,
Sir,
Your most obedient servant,

K. Matthan
Food Controller & Director.

HS.

Proceedings of the meeting of the Central Food Supplies Committee held in the office of the Food Controller and Director of Civil Supplies in Mysore, Bangalore at 8 A.M. on Monday the 15th September 1919.

Subject No. 2.

Allotments sanctioned by the Food Stuffs Commissioner for September 1919 and the allotments to be asked for from the Food Stuffs Commissioner for October 1919.

Resolution. The probable requirements of the State for October 1919 in respect of Burma rice aggregate to 7000 tons as per details below:--

Bangalore City	1000 tons	Mysore City	500 tons
C. & M. Station	1000 "	Mysore District	200 tons
Bangalore District	500 "	Hassan	50 "
Kolar District	1500 "	Kadur	100 "
Kolar Gold Field	700 "	Shimoga	500 "
Tumkur	200 "	Chitaldrug	200 "

Reserve	550 tons
Total	7000 tons

It was resolved that 7000 tons of Burma rice via Madras, 500 tons of wheat from Punjab, 100 tons of Australian wheat from Bombay and 500 tons of Bengal gram from the Punjab may be applied for for October 1919.

quantity and to explain to him the circumstances necessitating this minimum supply.

From recent experience, however, I am not sure if the explanation of our Director of Civil Supplies will satisfy the Food Stuffs Commissioner and I have not much hopes of securing the allotment applied for, without your kind and generous assistance. You will doubtless have seen from the monthly reviews sent to you how the situation is growing more and more critical and I am anxious to avoid the impasse we were in last year during October, November and December. Our application is for the minimum quantity absolutely necessary and the Durbar will esteem it a special favour if you will kindly help us to secure for us the full allotment applied for.

Yours

Office of the Director of Civil Supplies
in Mysore,

Bangalore City, Dated, 30th Sept. 1979.

CHIEF SECRETARIAT
POLITICAL BRANCH
1-OCT. 1979

My dear Balasundaram Iyer,

With reference to your telegram of this day regarding our requirements of Burma rice for November and December, I subjoin a copy of a telegram, which I have sent you to-day.

> "Your telegram of date. Burma rice requirements November allotment fivethousand tons, December onethousand tons approximately. Letter follows."

I have to explain that the allotment for October cannot be expected to arrive till about the 10th of November and by the time it reaches the several districts it will be the end of November. The rice will, therefore, be available for consumption only in the month of December. Allotment for November will similarly be available for consumption only in January. Although our harvest may be expected to be in full swing from the middle of December, I doubt whether sufficient supplies will come in especially to the big cities till the end of January. This is my reason for suggesting an allotment of 5,000 tons for November. I was writing only this morning to the Deputy Commissioners on the same subject. A copy of the letter which I have sent to them is enclosed for information. For December, I think, we might ask for a thousand tons only. This will arrive in January and will be available for consumption only in February, and it may be presumed that this quantity would be sufficient.

Of course, it must be understood that we always stand the chance of having to sell out stocks at the end of our operations at a loss. This it seems cannot be helped as our ~~intentions~~ object is to be prepared for the worst.

Yours sincerely,

KM/MPH.

Letter dated the 30th September 1919 from the Food Controller & Director of Civil Supplies in Mysore, to the Deputy Commissioners of Districts, Presidents of Bangalore and Mysore City Municipalities, Collector, C. & M. Station and Vice-President, K.G.F. Sanitary Board, Champion Reef.

I have the honour to request that you will be so good as to furnish me not later than the 12th instant with a careful estimate of your requirements of rice for the months of November, December and January. For September an allotment of 4,000 tons was sanctioned by the Foodstuffs Commissioner and the whole of this is expected to arrive in Madras before the 10th October and may read all consignees by the end of October. For October I have applied for an allotment of 7,000 tons and it is probable that 5,000 tons may be sanctioned. If I get shipping space without undue delay the whole of the quantity may be expected to arrive in Madras within the 10th of November and to reach their destinations by the end of November. These supplies should, therefore, be available during December. The question now is whether any allotment, and if so how much, should be asked for for the month of November, since what is sanctioned for November is not likely to be received till the end of December by which time our crops will have begun to be harvested. Other elements to be taken into consideration are the following.

(1) We are not likely to get any allotment of Bengal rice or of Nellore rice
(2) The quantity of delta rice allotted to the State has already been reduced to 650 tons for October.

There is no promise from the Madras Director of any supply for the months of November and December. At the most we can count on only 260 tons which is the quantity of ragi they want for Cudalur. This however had best be left out of consideration.

A very early reply as to your requirements may be sent

Copy.

Director of Civil Supplies in Mysore,
Camp Mysore,
Bangalore, Dated 18th Nov. 1919.

From

K. MATTHAN, Esq., B.A.,
Food Controller and Director of Civil Supplies in Mysore.

To

C. S. Balasundaram Iyer, Esq., B.A.,
Chief Secretary to the Govt. of Mysore.

Sir,

I have the honour to submit herewith a copy of telegram of the 15th October 1919 received from the Director of Civil Supplies, Madras. A copy of the Foodstuffs Commissioner's letter No.2339 of the 25th September to the First Assistant to the Resident in Mysore referred to therein has not been communicated to this office, but it is presumed that it refers to the additional allotment of 2,000 tons of Burma rice which we had asked for for the month of October 1919. On further communication with the Director of Civil Supplies, Madras, he intimated that he could supply 4,000 tons of various kinds of Burma rice at prices ranging from Rs.12-7-4 to Rs.12-10-2 per bag of 164 lbs. "f.o.r" Madras. The prices quoted being rather high only 1,000 tons have been arranged to be purchased on behlaf of the Collector, C. and M. Station. As the merchants nominated by the Collector are to pay the price direct to the importers in Madras, the transaction does not involve any outlay by Government.

I have the honour to be,
Sir,
Your most obedient servant,

KM/MPH.

Food Controller & Director.

Telegram dated 15th October 1919 from the Director of Civil Supplies, Madras, to the Director of Civil Supplies in Mysore, Bangalore.

4762 Dcs Reference Foodcom's letter 2339 of twentyfifth September to First Assistant to Resident Mysore regarding Burma rice allotment to your State stop Can probably spare you immediately two or threethousand tons Burma rice to be railed from Madras on cash payment stop. State whether this will help you and if boiled or raw required.

MPH.
